

# Cycle & Walkways

Kalgoorlie-Boulder

The 12 km Gribble Creek off-road cycleway provides a trunk route from South Boulder to Hannans. It mainly accommodates recreational and leisure cyclists. There are a further 16 km of shared use paths linking this cycleway to residential areas and schools. Provisions are being made for other types of cyclists including high speed and commuter cyclists through future expansion of the cycling network as funding becomes available. The Kalgoorlie-Boulder Cycleways maps will be updated as required to fulfil this requirement. The present map contains existing on and off-road pathways only.

Centennial Park was chosen as the central reference point to compare distances for many of the destinations, including Karlkurla Bushland Park in the north to Burt Street in the south.

## Safety

As a general rule, cyclists should 'keep left' to minimise potential for accidents on the cycleway. Helmets should be worn whilst cycling.
