

## FACT SHEET

# Commercial Green Waste Disposal

From the 1<sup>st</sup> of July 2021 uncontaminated green waste disposed by commercial customers at the Yarri Road Refuse Facility will attract a fee as outlined in the City of Kalgoorlie-Boulder Fees and Charges.

Please note the following guidelines apply to uncontaminated green waste disposal:

### Uncontaminated Green Waste consists of:

- Garden prunings, weeds and leaves;
- Palm leaves;
- Tree loppings (less than 1.5m in length); and
- Tree limbs, branches, small logs (1.5m in length).

Note: Branches more than 150mm in diameter must be cut into 300mm lengths or smaller.

### Loads containing the following items are not considered Uncontaminated Green Waste and will be charged as mixed general waste:

- Mixed loads including general waste, building products, sands soils and gravels;
- Tree stumps;
- Bagged green waste; and
- Contaminated green waste (i.e. rubbish present in green waste)

Note: Treated timber/pine pallets are charged separately/per item.

Please see the following Figures 1-4 for further information on what is considered Uncontaminated Green Waste.
